

Description of Webinar

With the continuing focus on reporting of community benefits, an understanding of what qualifies under this definition is essential. The webinar will provide a history of MHA community benefit data collection and reporting, a definition of community benefits utilized by both MHA and the IRS, a review of the community benefits sections and programs, and discussion about what not to report or include in your community benefit reports.

Laura Schmitt
Director, Health Care Information
Michigan Health & Hospital Association

Laura Schmidt is the Director of Health Care Information for the MHA policy and data services division. Laura conducts a variety of policy analysis and development activities including data collection, survey analysis and data policy activities. The community benefits survey, the Economic Impact of Health Care in Michigan study, the AHA Annual Survey, the MHA Monthly Financial Survey and annual MHA compensation surveys are among the projects that Laura administers and supports. Laura is also responsible for coordinating activities related to emergency preparedness for the MHA, with duties that include serving as a member of the statewide Homeland Security Advisory Committee, as well as many committees with the Michigan Department of Community Health's Office of Public Health Preparedness. A graduate from the University of Michigan with a degree in Health Care Administration and Political Science, Laura joined the MHA in November 1999, after two years with the MHA Insurance Company.
